STOCK REPORTS.

Prices of Shares Hammered Down All Along the List.

Predictions of a Speedy Renewal of Gold Exportations.

The Bears Had Things Their Own Way from Opening to Close.

WALL STREET, WEDNESDAY, Feb. 17 .- As the early cables from London came decidedly lower than the closing quotations of yesterday, the bears hammered the general list with some effect.

Prices declined 14 to 114 per cent., Chicago Gas leading the downward movement. A constiterable short interest was engendered and later, when an attempt was made to cover, a much firmer tone prevailed.

Western Union, Lake Erie & Western, New England, Tennessee Coal & Iron and Chesa-peake & Ohlo advanced from 1 to 1% per cent., and other stocks to a lesser extent. After midday the coalers once more developed weakness, and there was a heavy pressure against Reading and Lackawanna, owing to increasing public hostility towards the proposed coal combination.

Taken altogether speculation was far less active than of late, and up to noon only a little over 200,000 shares had changed hands There was quite a spurt in Wheeling of Lake Erie on the official announcement that

Inke Erie on the official announcement that arrangements had been perfected with the Baitimore & Ohio and Pennsylvania for an interchange of business.

The bears are still predicting an efflux of gold. Exchange is certainly strong and demand this sell at 4.88, but this figure is at least one-half a cent below the shipping point.

Commercial bills are in fair supply. Higher rates for discounts in London have a tendency to stiffen sight sterling.

It is said that the Richmond Terminal plan of reorganization will not be given out for a week yet.

The January statement of the Chicago Gas companies shows het earnings of \$263.162.

The January statement of the Chicago Gas companies shows het earnings of \$263,162, agairst \$215,507 last year. The net increa e after payment of interest on bondanouat paid to the city, and all charges except dividends is \$47,055.

The stock market continued depressed during the afternoon, a story having been circulated that a round amount of gold has been engaged for Saturday's steamers. This was subsequently denied. Advices from London that the creditors of Murietta Brothers had a stornly meeting to-day were also used against speculation. The final sales were at a recovery of \$4 to \$4 per cent. from the lowest prices of the day.

The Treasury Department to-day purchased

Fires of the day.

The Treasury Department to-day purchased 559,000 counces of silver at 91.50 a 91.75.

The Offerings were 734,000 counces.

The total sales at the New York stock Exchange to-day were 115,200 shares of listed stocks and 142,000 counces of silver.

Mr. Friend stated that he had no employees of Buttner among histwenty-eight witnesses, all of whom were said to be friends who had rushed to his aid in his hour of need.

He forgot this statement later, when he put Louis senimid, the bouncer of the establishment, on the stand to testify that he had orders to admit no ladies unaccompanied by escort and had followed his instructions to the letter, and further when he allowed most of the fitteen, witnesses who were sworn to testify that they are not friends of Buttner.

He also called Gustav Semmler, a musician, who had been engaged in the resort, to testify as to its respectability.

Private Secretary Holly drew admission from some of the cigar-dealers and others among the witnesses that they have had business relations with ignate Buttner.

No evidence other than that contained in the affidavit mentioned above was produced for the Mayor's side of the case.
